# BOOK CLUB

January Book:

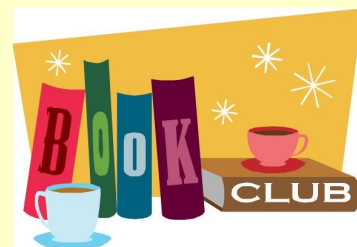

**The Art of Getting Over Yourself** by Jon Leonetti

**ABOUT THE BOOK:** When our lives stop being about us, when we cease being self-important and become others-centered, when we finally let go of all those things that hold us back: selfishness, resentment, ego, the illusion of self-sufficiency, the plans we have for our lives without respect to God, the mistakes we've made that we can't let go, this is when we can really start living and loving as we were always meant to do. And it's also the first and best step toward true and lasting happiness what you've always wanted, what you've always been looking for.
